Make Yours a September to Remember!

A new school year brings fresh opportunities for infusing your classroom with strategies to engage and meet the needs of all your learners using technology...

This September, IDEAL Professional Development is offering a special mini-session of online courses focusing on the use of technology in classroom instruction.

Find out why Arizona educators say the following...

"This class was a useful tool for the integration of technology into the classroom. Often times it is difficult to find time to participate in useful professional development.

This online self paced course was a great way to do that."

Courses begin Sept. 8th, 2010

Register now at www.ideal.azed.gov

Courses include:

- Effective Use of Interactive Whiteboards for K-8 Education (K-8) – **New!**
- Recipes4Success: The Magic Ingredients (K-12)
- Digital Media in the Classroom – Multiple Modalities for You and Your Students (K-12)
- The Language of Learning: Using IDEAL Resources with English Language Learners (K-12) – **New!**
